WATERLUNG REGULATORS

NAVY UNIT II

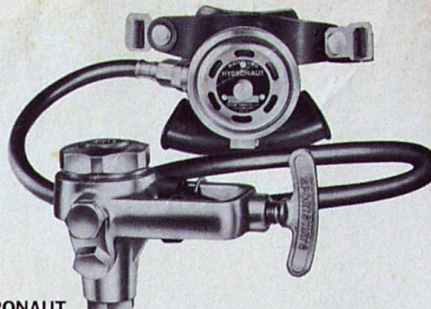

Outstanding Features:

Another SPORTSWAYS first — Positive cam-activated, spring-loaded reserve mechanism is an integral part of solid first stage body. Second stage has refined "downstream" valve design.

All moving parts made of stainless steel treated with SPORTSWAYS DRY-LUBE to reduce friction and wear.

Triple plated chrome inside and outside.

1375 "Navy Unit II" WATERLUNG Regulator	\$ 92.00
1376 "Navy Unit II" with Sea Vue Gauge	112.00
1377 "Navy Unit II" for use with double tank	92.00
1378 "Navy Unit II" for use with double tank units with Sea Vue Gauge	112.00
1374 "Navy Unit II" First Stage Only	60.00

HYDRONAUT

Outstanding Features:

New concept in balanced breathing allows constant pressure and flow regardless of tank pressure.

Second stage "downstream" valve delivers 22 cu. ft. of air with an effort too small to be measured.

All vital metal parts made of stainless steel for highest tensile strength. Moving parts coated with the new SPORTSWAYS DRY-LUBE, an anti-friction agent.

Triple-plated chrome inside and outside.

1340 "Hydronaut" Waterlung Regulator	\$70.00
1341 "Hydronaut" Waterlung with Sea-Vue Gauge	94.00

HYDRO-TWIN II

The only two-hose regulator made with these predominant features:

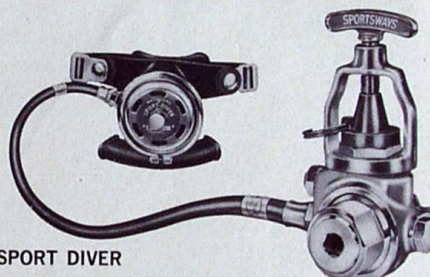

First stage "balanced valve".

Large demand diaphragm provides super-sensitive response.

Sea-Vue Gauge port. Solid one piece forging.

All vital metal parts made of stainless steel.

1350 "Hydro Twin II" WATERLUNG Regulator	\$ 94.00
1351 "Hydro Twin II" with Sea Vue Gauge	115.00

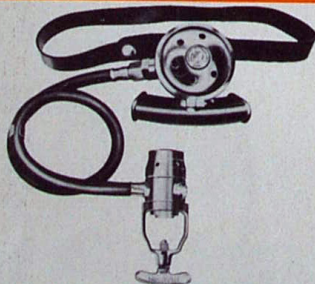

SPORT DIVER

Outstanding Features:

The world's most popular regulator EZ breathe rocker valve assembly makes this the best selling single hose regulator on the market today. Solid brass forging, chrome plated inside and outside.

1301 "Sport Diver" Waterlung Regulator	\$58.00
1302 "Sport Diver" with Sea-Vue Gauge	82.00

ORCA

Orca Regulator Packaged in Regulator Carrying Bag

A standby regulator by SPORTSWAYS . . . Designed to meet our highest quality standards.

Pre-set "piston type" first stage, reliable and simple

SPORTSWAYS "downstream valve" made of stainless steel in second stage.

1395 "Orca" Waterlung Regulator	\$52.00
1396 "Orca" Waterlung with Sea-Vue Gauge	75.00

MALIBU DIVER

Malibu Regulator Packaged in Regulator Carrying Bag

Outstanding Features:

Fine performance and workmanship at an economy price.

Pre-set "piston-type" first stage, reliable and simple.

EZ breathe rocker valve assembly in second stage.

1330 "Malibu Diver" Waterlung Regulator	\$45.00
1331 "Malibu Diver" with Sea-Vue Gauge	69.00
