

The CODE made by Aqua Lung is a 100% oxygen closed circuit underwater breathing apparatus specifically developed for clandestine use by SOF divers. This UBA is one of the smallest, lightweight, high performance UBA's available yet amazingly simple, safe and robust. The CODE is easy to dive and easy to maintain and perfectly suited for shallow water/short duration missions.

- Can be chest or back mounted
- Easy and inexpensive to maintain – very few repair parts
- Low Work of Breathing (WOB)
